Gastroenterology
POST GRADUATE

COURSE 12th-14th DEC. 2024

SCIENTIFIC SCHEDULE

WELCOME MESSAGE

It is my honor and pleasure to welcome you to the 27th anniversary of Egypt Gastro Hep. This year marks the 17th Hepatology and Gastroenterology post-graduate course and the 27th Egyptian workshop of therapeutic GI endoscopy to take place at our congress.

We look forward to providing you all with an event not only of great educational value but also one where memories are made. Attendees from around the world gather at Egypt Gastro Hep to exchange their knowledge and experience with fellow colleagues. We hope that everyone takes this opportunity to actively participate and learn as much as possible.

Experts and future prospects in the field of gastroenterology, hepatology and endoscopy will be presenting the latest research and scientific breakthroughs to date. To supplement the lectures, there will also be multiple hands-on sessions to learn endoscopic techniques via simulators along with live cases sessions. Our goal is to provide a well-rounded experience for all attendees.

We promise a fruitful conference and thank you for joining us this year!

Ibrahim Mostafa
